- College list in the final stages. You have a great understanding of the schools you will be applying to.
- Additional college visits planned for the spring and into the early summer months, or via the Internet, if needed.
- Draft your resume, update with current activities, format to be ready for use with completing applications.
- Decide which teachers to ask for letters of recommendation. Ask in late April/early May of your junior year, not at the last minute or in senior year.
- Plan to take your SATs/ACTs in June and over the summer, even into early September.
- Put all the effort you can in completing this year's courses, and maximizing those grades.
- Know your Naviance log in. Log in to peruse all of the valuable tools you will need for your college journey.
- Plan for next year's classes, ensuring that you continue with the course rigor that you have undertaken throughout high school.
- Work on applications and essays over the summer.
